Acceptance of this approval

You agreed to the Conditions of Funding of the IDF Subsidy under the ISP upon submission of your IDF Subsidy application. When You submit your first claim for the IDF Subsidy for an Additional Educator, this is considered Your acceptance of the approval as outlined in this approval letter.

If You choose not to accept the Conditions of Funding for this approval please contact the IDF Manager within 10 business days of the start date of the Approval Period.

Acceptance of this approval is limited to 60 days from the start date of the Approval Period, meaning services must submit a claim for payment within this time. If claims are not submitted within 60 days the case will automatically be withdrawn and no claims can be submitted.

If You have been unable to submit claims due to unexpected circumstances, such as an eligible child not attending the service due to illness during this period, services should make early contact the IDF Manager to discuss.

Claiming the IDF Subsidy for an Additional Educator

Services receive payment for the IDF Subsidy for an Additional Educator by submitting claims retrospectively through the Child Care Management System. **As a Condition of Funding, You must submit claims within 60 days of the fortnight the eligible child/ren listed on the approved case attended the service (60 day rule).**

When submitting claims, services are required to:

- identify the Additional Educator
- provide details of when the Additional Educator attended the care environment, up to the maximum weekly approved hours on the approved IS Case, and
- provide details of when the eligible child (or children) attended the care environment, including their enrolment and attendance information to validate claims. **Note** this does not include where Non Face-to-Face hours are claimed.

If a service does not submit any claims for more than 60 days during the approval period, the IS Case will automatically be inactivated and new claims cannot be submitted. Cases can be reactivated at the agreement of the IDF Manager, and once reactivated, new claims must be submitted according to the 60 day rule. If a service requires their case to be reactivated, they should contact the IDF Manager.

Further information on the 60 day rule is available at section C5 of the Inclusion Support Program. See New ISP Guidelines Version 2.4 September 2022. The Program Guidelines are available at www.education.gov.au/child-care-package/inclusion-support-program

Documentary evidence

As outlined in the Conditions of Funding, You must retain evidence of the eligible child/children on the IS Case and the Additional Educator. This includes:

- evidence of the child/children's attendance, such as sign in and sign out sheet with parent signature, and
- additional educator attendance, such as time sheets signed by the Additional Educator.

Payment of the IDF Subsidy

The IDF Subsidy for an Additional Educator is paid directly to You, from the department, to the same bank account You nominated in your application.

Following an approved claim, You will typically receive payment within 4-6 business days, depending your bank.

Payment of claims will occur where at least one of the children approved on the IS Case attended the service. Payment of Non Face-to-Face claims will occur without the attendance of the child/ren.

Change of Circumstances

If there is a change of circumstances in the care environment where funding is approved, You, in collaboration with Your Inclusion Agency (IA), must review:

- the Strategic Inclusion Plan for Your service and the relevant care environment, and
- whether additional support of an Additional Educator is required.

The table below provides examples and actions required to resolve any change of circumstances within Your service. Where You are unsure whether there has been a change of circumstance for which You need to take action, You must consult with Your Inclusion Agency to confirm.

Change of Circumstance example	Service action required
New eligible child enrolls in the care environment increasing the support required through this IDF approval	In collaboration with your IA, submit a change of circumstance application.
Approved child/ren decreases/increases their attendance at the service	In collaboration with your IA, submit a change of circumstance application.
A child listed on the approval for this IS Case moves into a different care environment within the service	In collaboration with your IA, review the SIP and inclusion profile of the different care environment to determine the level of support required. Where support for the IDF Additional Educator is required for the different care environment, a new application, or change of circumstances application for the new care environment must be submitted.

Please Note: Requests for changes to an existing IS Case, or applications for a new care environment must be submitted on the IS Portal a minimum of 4 weeks prior to date the change is required. The IDF Manager will assess the applications and, if approved, You will receive a further Approval Letter outlining the details of your new approval.

Terminating this Approval

By the Service

If You no longer require the Approved IS Case for an Additional Educator, You must notify the IDF Manager within 10 business days of becoming aware of this. You will be required to provide the date that funding should cease (i.e. the new end date of the Approval Period) and a reason funding is no longer required.

This will allow funding allocations in the IDF to be managed more effectively and enable funds to be redirected to maximise the support provided to ECEC services through ISP.

By the Commonwealth

If You are found to be in breach of any terms contained in this Approval Letter or the Conditions of Funding, Your approved IS Case may be terminated, future claims may not be able to be submitted and payments may be withheld. You may also be required to repay any amounts You have received whilst in breach. You will receive written notice of any termination. On receipt of a notice of termination, You must take all reasonable steps to minimise loss resulting from that cancellation and You will not be entitled to compensation for loss after the end date specified in the notice of termination.

This includes where it is found that You have provided false or misleading statements in the application. You are reminded that providing false or misleading information is a criminal offence.
